

'List All' Feature

Using the **DART** 'List All' feature makes accessing your person information simple.

A listing facility allows you to produce lists of employees sharing some of the same criteria. You can pick and choose the information you need and then produce your list with one click of the mouse.

For example you might want to see a list of all the employees with their grades, organisation units and location who hold a certain job.

Person Results (10 people)

Person Ref	Display Name	Grade	Job Title	Location	Organisation Unit
1004	Ms R Cooper	S03	Sales Executive	Victory House	Sales South
